

Placing a Lightwire Sales Order

ORDERING WIRE

- Choose color, size and length of Lightwire
 - ✓ Minimum order is 10 feet, you can mix colors and sizes for the minimum length
 - ✓ Check inside for sizes and colors
 - ✓ Round off fractional lengths to the next whole foot (Example: 3feet 4 inches is rounded to 4 feet even)
- In its natural form, Lightwire comes in a "raw" state without any snap release connectors and requires some soldering to assemble. If you do not wish to solder the connections yourself, please indicate that we, Light'n Wire will assemble the wire for you (There is a \$3.00 charge per solder connection, we use a snap release connector to couple the Lightwire with the driver.
- If you are ordering your own snap release connectors, please add \$1.00 per set of connectors.
- If you are ordering 100 feet of Lightwire of any combination of color or size, please ask for our volume discount

ORDERING DRIVERS & SEQUENCERS

- Select the specific driver according to the driver capability and your design needs.
- Select the sequencer according to its capabilities and your design needs.

Custom Orders

- We do special orders to your specifications, call us for free initial consultation
